WEB DEVELOPMENT INTERNSHIP BROCHURE

WHO WE ARE

We are a youth run start-up organization in India with student body entities in process of expanding across major cities in India. We have one such established entity in Kolkata, West Bengal which is fully functional now.

Visit here for more
(https://eventsandbyond.com/#about)

ABOUT THE INTERNSHIP

Selected interns' day to day responsibilities include:

1. Working on front-end technologies like HTML5, CSS, JavaScript
2. Learn and implement various libraries such as Bootstrap, JQuery
3. Learn clean industry-grade programming practices that separate a fresher from an experienced person in the field
4. Collaborate with the back-end team in order to develop top-notch finished products

REQUIRED SKILLS

- Prior experience with front-end development (Personal projects are also welcome)
- Familiarity with Bootstrap and JQuery (understanding and implementation)
- Good command on JavaScript
- Team-work and dedication

WHO SHOULD APPLY

Please apply if you answer "*yes*" to the following questions ➝

- Are you interested in being involved with an organization that gets featured in columns like startup-idols?
- Are you interested in **learning something new every second** that will help you in placements?
- Are you eager to **learn stuff that you do not know**, but are a fundamental part of web-development?
- Are you a **team player**? Do you like to work in a friendly and co-operative environment?
- Do you have the relevant skill-set? If not, are you ready to learn them before the interview, fool us during the interview, and learn more during the internship?
- Can you start the internship from May 1st, 2019?
- Are you available for a duration of 3 months (we always provide generous time for you to prepare during the examinations that are scheduled in this duration)?
- Are you ready to work under industry-grade deadlines?

WHAT TO EXPECT

HELP AND SUPPORT

We are not experts, but we have industry experience that we want to share with you, whenever you need insights.

NETWORKING HOURS

An opportunity to connect with fellow developers, and a connection with all kinds of people in the software and management industries.

PLATFORM TO SOAR

A boosted start to your career and your CV with the direction and guidance from people who face the industry challenges each day.

INTERNSHIP CERTIFICATE

We provide internship certificates to all the candidates on successful completion.

LETTER OF RECOMMENDATION

We provide Letters of Recommendation (Litteras commendatitias) based on performance

FLEXIBLE WORK HOURS

6 hours (maximum) per week. Invest it in one day, or over the whole week - depends on you. [Please do not forsake your assignment before the deadlines though] 😉
